Gifford A. Cochran's Entry Captures Williams Bridge Handicap from Classy Field.

New York, July 14.—Five favorites went down to defeat at Empire City this afternoon. The lone first choice to get home first was Shyness, at 7 to 10, in the second event.

The Williams Bridge Handicap, about six furiongs, went to Gifford A. Cochran's Frince of Comp. a 6-to-1 chance. It was a driving finish, with Marse Henry, the 1-to-5 favorite, finishing a short length back. This was the second victory of the day for the Cochran stable, Philipic taking the opening race.

After was bid in from \$1,000 to \$1,000, but was bought in by her owner. James Butter has secured second cail on H. Shilling for the Saratoga meeting. Summary:

## CALLS WELSH SIDESTEPPER.

Gibson Makes Retort to Champion 2

Who Refuses to Box Leonard,
Sorely peeved by Harry Pollock's announcement that Freddy Welah would
under no circumstances fight Benny
Leonard at Denver on Labor Day, Billy
Gibson, representing Leonard, last night
said that he considered the present holder of the light-weight title a side-stepping
champion. He was particularly grieved
at the fact that he was led to believe
that his boy might be a principal in the
big bout until Pollock squelched his
hopes.

hig bout until Pollock squeiched his hopes.

"I see," he said, "where Harry Pollock upon his arrival has given out a statement whereby he hars Benny Leonard and Willie Ritchle from an opportunity to box a championship contest with Freddy Weish, to be decided in Colorado on Labor Day. How long the public and the press of this country will stand for any such statements is beyond my comprehension. Why did not Pollock come right out with a frank statement and bar Leonard all along?

"Benny Leonard eliminated himself from ever getting a return match with Freddy Weish at Madison Square Garden a few months ago, when he received the unanimous decision over the present side-stepping champion."

### STALLINGS NOT TO TRADE JOHN EVERS

Pittaburgh, Pa., July 14—George Stallings, the leader of the Boston Braves, is
quite attired up over the numerous
atories that have gone the rounds to the
effect that he was trying to make a trade
for Capt. Johnny Evers, especially in
view of the fact that he admits having
tried to get "Buck" Herzog from the Cincinnati team. Regarding the status of
Evers with the Boston club. Stallings
made this emphatic statement last night:
"Judging from different press reports
there seems to be a general impression
that the Boston club will entertain a
trade for Evers. I wish to make a complete denial of this. When Johnny came
to the Boston club will entertain a
trade for Evers. I wish to make a complete denial of this when Johnny came
to the Boston club without his consent.
"I have never receded from this stand
and the only possible trade that would
were be entertained would be one for
Ever's personnal advancement and at his
own solicitation. I am absolutely sure
that Johnny is satisfied with Pohnny."

New York, July 14.—A method of timing swimmers new to the Pacific Coast. has been inaugurated there. Swimmers on the coast have been caught as their heads passed the line, but from now on the times are to be taken as the competitor's hand crosses the line. The difference in timing will mean at least a fifth of a second in the records which are made.

heads passed the line, but from now on the times are to be taken as the competitor's hand crosses the line. The difference in timing will mean at least a fifth of a second in the records which are made.

Kananamoku, Langer. Ernie Smith. Cuiha and dozens of others have lost this fraction of a second, which, though it seems infinitestinal to those not versed in swimming, is often enough to establish a new mark. In this day of split-second watches the difference between the position of the hand and head may make or break a champion.

The trouble has arisen because of ambiguity in the A. A. U. swimming rules. Under Rule 7, Section 19 of the portion pertaining to records, this clause appears: "And the time taken when the competitor's head crosses the line." But in Rule &, Section 6, the words are negatived by this: "Every competitor's head crosses the line." But in Rule &, Section 6, the words are negatived by this: "Every competitor's head crosses the line." But in Rule &, Section 70 of the portion may be a finished the race when any part of his person reaches the finish line."

line."
Officials of the Pacific Coast Association wrote to Otto Wahle, chairman of the swimming committee of the A. A. U., and Wahle confirmed the opinions of the coast officials by stating that time be taken when the hand and not the head crosses the line.

Remarkable is the unequaled record of twenty straight baseball victories won in 1884 by the Providence club. More remarkable still is the fact that Charlie Radbourne pitched in eighteen of the twenty games, all of which came within a single month. His achievement has never been repeated by any twirler of succeeding generations, and is unlikely that under present playing conditions that it ever will be.

The Glants' winning streak has brought back into prominence that Providence resumed that the providence upset Philadelphia, 6 to 9. Then, on August 7, 1884, by beating New York, 4 to 1. He rested the next day while Providence upset Philadelphia, 6 to 9. Then, on August 2, Radbourne resumed again, on August 2, Radbourne resumed again,
